**MATHEMATICS**

**9709/13**

Paper 1 Pure Mathematics 1

**October/November 2025**

**1 hour 50 minutes**

You must answer on the question paper.

You will need: List of formulae (MF19)

## INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen. You may use an HB pencil for any diagrams or graphs.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- If additional space is needed, you should use the lined page at the end of this booklet; the question number or numbers must be clearly shown.
- You should use a calculator where appropriate.
- You must show all necessary working clearly; no marks will be given for unsupported answers from a calculator.
- Give non-exact numerical answers correct to 3 significant figures, or 1 decimal place for angles in degrees, unless a different level of accuracy is specified in the question.

## INFORMATION

- The total mark for this paper is 75.
- The number of marks for each question or part question is shown in brackets [ ].

This document has **16** pages.

1 (a) Expand  $(2 - \frac{1}{2}x)^6$  in ascending powers of  $x$  up to and including the term in  $x^3$ . [3]

Dotted lines for writing the expansion.

(b) Hence find the coefficient of  $x^3$  in the expansion of  $(3 - x + 2x^3)(2 - \frac{1}{2}x)^6$ . [2]

Dotted lines for writing the coefficient.

- 3 The equation of a curve is  $y = f(x)$ , where  $f(x) = \frac{1}{2}x^{\frac{2}{3}}(x-2)^2$ . The following points lie on the curve. Non-exact values of the  $y$ -coordinates are given correct to 6 decimal places.

$$A(8, 72), B(8.001, k), C(8.01, 72.300388), D(8.1, 75.038882)$$

- (a) Find the value of  $k$ . Give your answer correct to 6 decimal places. [1]

.....

.....

.....

.....

.....

The table below shows the gradients of the chords  $AB$  and  $AC$ , given correct to 4 decimal places.

Chord	$AB$	$AC$	$AD$
Gradient of chord	30.0039	30.0388	

- (b) Find the gradient of the chord  $AD$ . Give your answer correct to 4 decimal places. [1]

.....

.....

.....

.....

.....

.....

.....

.....

- (c) State what the values in the table suggest about the value of  $f'(8)$ . [1]

6

The diagram shows the graphs of  $y = x^3$  and  $y = f(x)$ . The graph of  $y = x^3$  is transformed to the graph of  $y = f(x)$  by a sequence of transformations.

- (a) Describe fully a suitable sequence of transformations. Make clear the order in which the transformations are applied. [5]

.....

.....

.....

.....

.....

.....

.....

- (b) You are given that  $f(x) = a(x + b)^3 + c$ .  
State the values of the constants  $a$ ,  $b$  and  $c$ . [3]

.....

7 The function  $g$  is defined by  $g(x) = \frac{2}{ax-3} + \frac{1}{2}$  for  $x > \frac{3}{a}$ , where  $a$  is a positive constant.

Find  $g^{-1}(x)$  and hence verify that if  $a = 6$  then  $g^{-1}(x) \equiv g(x)$ . [4]

Dotted lines for writing the answer.

11 The equation of a curve is  $y = \frac{8}{3x-8} - \frac{6}{x-1}$ .

(a) Find the coordinates of the point at which the tangent to the curve at the point (3, 5) intersects the line  $y = -8x$ . [6]

Dotted lines for writing the answer.

DO NOT WRITE IN THIS MARGIN

Additional page

If you use the following page to complete the answer to any question, the question number must be clearly shown.

Dotted lines for writing

Permission to reproduce items where third-party owned material protected by copyright is included has been sought and cleared where possible. Every reasonable effort has been made by the publisher (UCLES) to trace copyright holders, but if any items requiring clearance have unwittingly been included, the publisher will be pleased to make amends at the earliest possible opportunity.

To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced online in the Cambridge Assessment International Education Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download at www.cambridgeinternational.org after the live examination series.
